Notes for applicant

Notes 1 and 2:

1. Capacities and types of items for which endorsements may be granted in those capacities
2. Endorsements may be granted for certain items in particular capacities. State which one of the following capacities that applies to you and the item you seek to possess. You need to have the corresponding endorsement before the permit to possess can be issued.

Note 3: Reason for acquisition

Explain why you are seeking to add this item to your endorsement. For example, collectors might explain why it would fit in with and enhance their collection; a film production company might require a particular item for an upcoming film.

Note 4: Facts demonstrating why it is appropriate to possess the restricted firearm or restricted magazine

A person seeking to possess a restricted firearm or restricted magazine also needs to set out sufficient information here (perhaps supplemented by further documents that might be attached) to explain why it is appropriate for them to possess the restricted firearm or restricted magazine with reference to their capacity as an animal and biosecurity controller under section 7 of the Act. For example, a person employed by DoC may explain how their existing restricted magazine is worn and they need to acquire another to replace it. It is appropriate to demonstrate why a standard firearm or magazine cannot be used for the purpose.

Note 5: Firearms Registry

The transfer, sale, supply, purchase or receipt of certain arms items is an activating circumstance with respect to the Firearms Registry. Please visit firearmssafety.govt.nz/registry for further information.
